

St John's Cathedral Sanctuary Flower Guild

This year our willing little group of ladies have continued to embellish our Cathedral with their talent to arrange flowers for all to enjoy.

At a recent meeting of our ladies, they expressed the challenges of finding suitable plant material to use each week, as most have small gardens with little picking ability. The cost of purchasing flowers has become untenable so the use of silk flowers or purchasing more indoor plants to enhance our cathedral will be options for the future. They agree it would still be an option for fresh flowers for our festival occasions.

Sadly, we have two resignations from the roster for the coming year. Dale Meridith, and Jeanette Dunderdale. **Thank you both for all your time and inspiration over the past years.**

I have also decided it is time for a change of leadership and responsibility for organizing the roster and maintaining the connection with Cathedral staff about all events. I have enjoyed my time as convenor, but new ideas and inspiration come from new beginnings.

If you, or a friend would like to be part of our flower guild or have flowers to offer any week please contact Charlene in the Cathedral Office on 06 835 8824, or 021 754161
